Inspiring a Competitive South Africa

**PRODUCTIVITY  
MONTH 2022**

**Adapting & growing  
stronger, together**

### *Productivity Statistics Launch*

**“Production efficiency improves on economic recovery  
Following supply chain disruptions on the Covid-19 pandemic”**

The 2022 Productivity Statistics show a recovery in Labour and Multifactor productivity, while Capital productivity recorded a moderate deceleration during the same period. You are invited to join Productivity SA as it unpacks the performance of productivity indicators as follows:

**Date: 28 October 2022**

**Time: 10:00 – 12:00**
