

Federation of Printing, Packaging,
Signage & Visual Communication

Reg No.: NPC(1990/001772/08)

IPACK (PTY) LTD T/A iPak Digital is part of the Independent Packaging & Print Group of companies.

IPAK was established in 2019 with the aim to run as a full turnkey digital print shop. We've acquired our first large format printer (HP335 Latex) in November 2019 and soon after that we've signed a deal with Midcomp for a JHF 2800 UV Flat bed and Zund G3 L2500. This led to us building a high-tech print shop at our HQ facility in Krugersdorp and during Covid 2020 a 500SQM facility was completed.

Today this facility houses >>>

- **2 x Large format UV Flatbed printers**
- **1 x Large format HP 1,6m Latex**
- **1 x HP Pagewide XL Pro 10k**
- **1 x Digital CNC cut**
- **1 x Zund CNC cut & Router**
- **1 x Laminator**
- **1 x Heat Bender**

With the above latest technology machine compliment and an in-house design studio, our shop is geared for any short run packaging & printing needs as well as specialized signage. With a combined experience of 45 years in packaging & printing, there is very little that we can't do. From bespoke gift packaging to short run labels, Estate agent sign boards to large billboards, PSU's and fully customized merchandize stands. We have a 24Hr turn around on any poster printing and ship via courier nationwide. iPak Digital is your one stop shop for everything you need in digital print & cut.

Note from Group CEO – Jaco Malan

We have seen in post-covid days that there are more and more E-Commerce and small start-up companies that has a need for customized packaging & printing, However, they do not have the cashflow or need to order large volume packaging. This is where iPak Digital can assist from the design to the manufacture and deliver of small volume packaging. We even do One-Off Bespoke packaging for special occasions.

We pride ourselves in exceptional quality and service and are always looking for new opportunities to serve within the packaging & printing industry. We are also proud to be a member of Print Sa as it brings an even greater advantage with backing in advertising, HR & labour, and up to date info within the printing industry.
