CAPE CHAMBER WELCOMES NEW MEMBER: IMPRESSIONS

Impressions: Your Brand, Our Home

Impressions is a multidisciplinary branding company that has been in existence since 1973, previously holding membership with Printing SA, we are ecstatic to welcome back to the Cape Chamber family.

Printing is their speciality which they have been doing for over 50 years. Their factory is capable of large format digital printing, screen printing, dye sublimation and other ink transfer mediums. Their Factory is mass production orientated and extremely efficient in delivering any sized campaign. They possess the ability to produce a huge range of products all under one roof. Unlike other printing companies that need to outsource the manufacturing component of a branded product Impressions does it themselves. This allows them to keep an eye on the entire production process of a campaign and produce products with continuity across the board. With experienced departments such as: metal works, wood work and electrics all under one roof Impressions can save you valuable time and money. At Impressions they proudly launched a promotional goods department and offer items that complement their in-house range of products. They provide items as small as USB drives and as large as bar fridges, all beautifully branded and energy efficient.

Cape Chamber looks forward to building a strong relationship with Impressions and look forward to the exciting products they will be producing.
