Notice to all Printing SA Members

CITY AND GUILDS DUAL TRADE CERTIFICATION

Press Release Reminder

Printing SA has recently received enquiries from Members concerning the availability of the City and Guilds dual certification that used to be available to Apprentices who had successfully completed their Competency Based Modular Training (CBMT) Trade Tests.

Printing SA notified Members, in a press release dated 21 April 2016, that the dual certification agreement that City and Guilds had with the Printing, Newspaper and Packaging Industries Education and Training Board (PNPIETB) had lapsed.

The FP&M SETA approached Printing SA in June 2015 requesting that we engage with City and Guilds in this regard. After due consultation it was established that City and Guilds no longer enters into such agreements and that the only means of obtaining a City and Guilds certificate would be for Apprentices to complete the relevant City and Guilds examinations.

Further queries in this regard may be directed to:
