

## NEW MEMBER OF PRINTING SA

---

### About Print24

From humble beginnings, starting with one of the first Apple Macintosh' and black and white laser printers, to becoming one of the first full digital Print Houses in South Africa in 1989, Print24 has morphed into a leading e-commerce print provider with production plants in most major cities in South Africa and delivers nationwide. In addition to this, the business offers unique same-day delivery across all major Metros wherever possible. Print24's sophisticated distribution network, in addition to its strategically located plants, makes this possible.

Print24 uses the latest technology in all aspects of its business, Print Digital, Litho, Wide Format, and Fabric. From cut sheet digital, its fleet consist of the Production Xerox Press, Hp Indigo's as well as high-speed inkjet production presses. In the wide format division, Print24 is equipped to print from A2 posters up to 3.2m wide, both eco-solvent and dye sublimation as well as UV Flatbed printing; the business also runs a traditional Litho Plant up to A1 for larger scale jobs.

Finally, Print24 also offers T-Shirt Printing using both traditional silkscreen and DTF (direct-to-film) and free artwork on all orders. Their highly experienced design team is there to assist the customer with design, layout, and advice. Print24 pride themselves on our quick turnaround and high quality, which is only made possible by its fantastic team and strong relationships with all its service providers.

### Message from the Director

"Becoming a member of Printing SA is a huge achievement for us, we couldn't have been more excited having seen 103% growth in the past year. This endorsement just cements for us, that our hard work in striving for excellence is being noted by the industry and clients alike."

*Jay Lieberthal, Director of Print24*
